

National Diversity Day in Luxembourg : act for diversity!

On 12 May, the National Diversity Day is organised for the second time in Luxembourg! This day is the perfect opportunity to deepen understanding of the values of diversity and to learn to “live together” better

With more than 15 different nationalities and 50% of women, Diversity is an essential value to **Wildgen**. This is why, with LAFA, and in collaboration with IMS Luxembourg and Hariko, we organise an art workshop: "*Integration through Art*".

With Talbot, an Iranian Street-art artist, LAFA members will learn the basics of the stencil technique and... get to know each other.

The Minister of the Family and Integration, Corinne Cahen, will also participate in the workshop!
