

2nd Mind & Market Forum in Luxembourg

After a first successful edition, **Wildgen** is proud to be, this year again, a sponsor of the [Mind & Market Forum in Luxembourg](#) on 30 June. **Emmanuelle Ragot**, head of Wildgen 4 Innovation, is a jury member for the second year in a row.

The Forum is the key Mind & Market event of the year in Luxembourg and aims to gather all project owners participating in the initiative and put them in direct contact with the industry leaders who might have an interest in such projects. Each industry leader will have the possibility to have a one-to-one interactive presentation of a few pre-selected projects.
